Orders to Three States.
Militia of California, Missouri and Kansas Going to Border.

WASHINGTON, June 22.—Major Gen. Frederick Funston's request for the immediate dispatch to the Mexican border of a large contingent of the national guardsmen now being mobilized was met yesterday by the issuance of orders from the war department of the troops of California, Missouri and Kansas to proceed at once to concentration points on the border designated by him.

Secretary Baker declined to admit that General Funston had asked for militia immediately, or that orders had been sent, but it was learned that the troops had been directed to move, and that plans for their transportation and concentration had been made. These troops were ordered first because of their readiness, coupled with the fact that they were nearer the border than the troops of New York, Pennsylvania, Ohio, Wisconsin, Illinois, and Massachusetts. The reports to the war department showed that the California, Missouri and Kansas troops were already mobilized and had been efficiently equipped.

In the case of these three states all the guardsmen were called into service except coast artillery militiamen of California.

NEW CANADIAN VICEROY.

Report That Lord Curzon Will Succeed Duke of Connaught.

OTTAWA, Ont., June 22.—Canada will have a new governor-general this autumn if present plans are carried out. It is learned that the duke of Connaught will likely close his term as Canadian viceroy some time in the fall. There is a report that Lord Curzon of Kedleston, former viceroy of India, will be his successor.

The duke of Connaught had arranged to leave Canada in September, 1914, and the prince of Teck had been announced as his successor. The duke and duchess of Connaught with the princess Patricia had made preparations for their departure for England and the prince of Teck was about to sail for England when the war broke out. The prince went to the front with the British forces and is still there. The duke and duchess of Connaught now see the way clear for their departure from Canada.

WEDDED BEFORE LEAVING.

Artificer Gohar of Keene Takes Bride and Goes with Co. H to Camp.

One of the results of the calling out of the New Hampshire troops was the wedding of Frederic L. Gohar and Miss Ruth L. Adams, both of this city. When Mr. Gohar found that he would have to go with Co. H, with which he is artificer, he and Miss Adams took the night train to Bellows Falls, Vt., where they were married at an early hour Tuesday morning by Rev. A. C. Wilson, rector of the Episcopal church.

Mr. Gohar has been employed as a driver for the American Express Co. for two or three years. He is a son of Mr. and Mrs. N. N. Gohar of Roxbury street. Miss Adams's parents reside in Maryland, but she has made her home here for the past year.—Keene Sentinel.

HAS BLACKHAND LETTERS.

Member of Co. E of Bellows Falls Doesn't Think They Are a Joke.

BELLOWS FALLS, June 22.—Anna Moraski, a member of Company E, received two black-hand letters yesterday. Each letter was addressed on a typewriter. They were postmarked Webster, Mass., and Bellows Falls, Vt. Each envelope contained a sheet of paper on which had been drawn a skull and crossbones. Moraski was given permission by Chief of Police W. S. Severance to carry a weapon, and last night was showing a revolver which he used while rusting cattle in the West. He is a sharpshooter. The letters were turned over to Postmaster D. H. Gray, Moraski, who is a Pole, thinks the letters were not sent as a joke.

ST. ALBANS, June 22.—Richard L. Greene of this city, oldest son of Congressman Frank L. Greene, and a student at Yale university, has been detained in New Haven, Conn., being a member of the Yale battery of the Connecticut national guard. PACKERS ARE PREPARING.

Sidetracking Private Concerns for Government's Orders.

CHICAGO, June 22.—Mobilization of Chicago's great food industries for the supply of regular army and guardsmen began yesterday. Several corporations declared they had sidetracked private contracts to give government orders the preference.

Morris & Co., packers, started on rush orders for 500,000 pounds of cooked corn beef to be shipped to San Antonio, Texas. The order will be filled by the end of the week.

"Our only apprehension about filling orders for the government lies in the scarcity of livestock," said Nelson Morris of Morris & Co. "Naturally, with such a condition, the packers are making extraordinary efforts to buy all the livestock they can in order to be prepared for the government's calls."

GERMANS TAKE TRENCHES.

Gain Foothold on Right Bank of River in Verdun Sector.

PARIS, June 22.—After violent attacks lasting all night the Germans captured French line trenches between Sumin wood and Chemise in the Verdun sector, according to an official statement today. The Germans attacked in force on both banks of the Meuse after the usual heavy bombardment. An attack on the south side of Dead Man's hill was checked, according to the official statement. On the right bank of the river there were violent engagements west and south of Fort Vaux during which the Germans gained a foothold in the corner of Sumin wood but were immediately expelled. Later they returned to the attack when some trenches were captured.

The most remarkable tide in the world is that of the Bay of Fundy. It rises at the rate of a foot every five minutes, the water sometimes attaining the height of 75 feet.

Philip Putnam of Norwich university, Northfield, is at his home in town for the summer vacation.
